City Retreat

The aim of the Retreat is to enable the person to experience God in the heart of the City. By hearing, seeing and touching, you are invited to experience "God in all things." During the time of Retreat you observe and identify with the vast array of people as they go about the business of their daily lives. By experiencing history, worship, commercial activity and the many occupations of people in the city you are invited to reflect on what you experience, to make connections and to contemplate on the creative activity of God in the midst of our world.

The retreat can be followed either as an individual or by small groups of up to six people. A typical day would include orientation, walking, visiting, worship, quiet time, and a one to one or small group session.. The retreat can be adapted to suit the needs of participants.

Accommodation is on a bed and breakfast basis with facilities for self catering.

Tarriff: £ 40 per day, £ 45 per day (with en-suite room)
